

Office Memorandum • UNITED STATES GOVERNMENT

TO : Chief, SR Division
 ATTN: [] SR/9
 FROM : Chief, Contact Division, OO

DATE: 11 JUL 1958

SUBJECT: OO/C Case 16667 - Status Report on Sergei Schebalin
 REF: Your memorandum [Eyes Alone] of 19 September 1955

1. Mr. Schebalin was visited by a representative of our Wilmington Field Office, who submitted the following status report:

a. Sergei Schebalin is getting along very well; his resettlement is successful and complete. His greatest desires are to become a United States citizen and to receive the engineering degree for which he has been studying since his arrival in Philadelphia.

b. Schebalin continues to be employed at Brown Instrument Company, Philadelphia, Pennsylvania, an affiliate of Minneapolis Honeywell Company. He is still living at 4701 Wayne Avenue, Philadelphia, Pennsylvania.

c. Schebalin maintains a B+ average at La Salle College where he is enrolled in Mathematics, Philosophy, and Physics classes.

d. At Brown Instrument Company the Competitive Tests Division was merged with the Engineering Evaluation Division and Schebalin continues as Assistant Engineer, a position beyond which he cannot advance until he receives an engineering degree. Schebalin's salary is \$100 per week. Mrs. Schebalin was laid-off during January 1958, when Keystone Transformer Company closed down. She, however, managed to find new employment with the Perfect Photo Company, Philadelphia, where she is working full time and earns \$35 to \$40 per week.

2. Any further inquiries pertaining to this memorandum should be directed to [] on Extension 2775.
